Short Winter Share: First two pick ups (Oct, Nov) \$200

Note: Winter shares can be paid for now, or in September, but please indicate your interest now so that your food is planted accordingly!

**This is our standard price. We would like to try an experiment with you about pricing. For some of you it is a stretch to pay for local, healthy food at a price that pays us a living wage. For others, this price is not a problem. Therefore we extend to you the option of paying as little as \$450, and as much as you feel inspired to pay for your standard share based on your assessment of your ability to pay, balanced with your understanding of our right to a fair wage.*

Important other choices:

I am interested in the Partner Shares Program, a project of Madison Area Community Supported Agriculture Coalition, which would allow me to pay half the cost of my share based on low income or special need status. To find out more about this program contact MACSAC at 608-226-0300. www.macsac.org

I would like to make a donation to MACSAC's Partner Shares Program to help low income families receive CSA shares: \$_____
